

Call for Paper

2008 IEEE Education Methodology Summit on Services Computing (EMS-SC 2008)

<http://conferences.computer.org/services/2008/>

Theme

The Education Methodology Summit on Services Computing will bring together educators and practitioners from around the world to share their experiences in developing Services related education and build consensus on the core of Services Computing Education, the knowledge areas and education methodologies. The Summit will focus on the pedagogical implications of Services Education and its role in overall curriculum development. At this stage we are seeking concrete experiments in Services Education development as well as innovative research on Services education.

Topics include (but are not limited to):

- Case studies in adding Services Components in existing courses
- Case studies in design and implementation of courses with Services as their focus
- Survey or rationale of industry needs towards graduates with Services Education
- Curriculum challenges in Services Education
- Differentiation of Services Education from other programs such as in Business, Engineering and Information technology
- Design focused areas or new disciplines in Services Education
- Foundations justification (Math, Statistics, Physics, etc.) in Services Education
- The core of Services Education
- Process and Modeling in Services Education
- Operations and Operational research in Services Education
- Knowledge management and organizational learning

Call for Contributions

Authors are invited to submit original, unpublished papers that are not being considered in another conference or forum. The maximum length of each EMS-SC-2008 paper is 4 pages.

Please use the Services 2008 submission page to submit your EMS-SC-2008 paper (<http://conferences.computer.org/services/2008/submission.htm>). Submitted manuscripts are required to be formatted using [the IEEE Proceedings template \(IEEE Latex Style\)](#). Please follow the IEEE Computer Society Press Proceedings Author Guidelines to prepare your papers. At least one author is required to attend the conference and present the paper.

Venue

EMS-SC-2008 will be co-located in Hawaii, USA with 2008 IEEE International Conference on Services Computing (SCC 2008), July 8-11, 2008, Honolulu, Hawaii, USA. The Summit will have keynotes, Roundtable, Panel Discussion, Presentation and Posting.

Important Dates

Submission Deadline: March 15, 2008

Decision Notification: April 1, 2008

Camera-Ready Copy & Pre-Registration Due: April 18, 2008
