

Program Committee

Research Track

Kelly Blincoe, *University of Auckland, New Zealand (Co-Chair)*

Zhenchang Xing, *Australian National University, Australia (Co-Chair)*

Giuliano Antoniol, *Ecole Polytechnique de Montréal, Canada*

Francesca Arcelli Fontana, *University of Milano - Bicocca, Italy*

Venera Arnaoudova, *Washington State University, USA*

Hamid Bagheri, *University of California, Irvine, USA*

Maria Teresa Baldassarre, *University of Bari, Italy*

Lingfeng Bao, *Zhejiang University, China*

Gabriele Bavota, *Università della Svizzera italiana (USI), Switzerland*

Olga Baysal, *Carleton University, Canada*

Árpád Beszédes, *University of Szeged, Hungary*

Dave Binkley, *Loyola University Maryland, USA*

Tegawendé F. Bissyandé, SnT, *University of Luxembourg, Luxembourg*

Fernando Castor, *Universidade Federal de Pernambuco, Brazil*

Gemma Catolino, *Delft University of Technology, The Netherlands*

Chunyang Chen, *Monash University, Australia*

Tse-Hsun (Peter) Chen, *Concordia University, Canada*

James Clause, *University of Delaware, USA*

Anthony Cleve, *University of Namur, Belgique*

Eleni Constantinou, *Eindhoven University of Technology, The Netherlands*

Diego Elias Damasceno Costa, *Concordia University, Canada*

Andrea De Lucia, *University of Salerno, Italy*

Wei Dong, *National University of Defense Technology, China*

Anne Etien, *Ecole Polytechnique Universitaire de Lille, France*

Tamás Gergely, *University of Szeged, Hungary*

Rohit Gheyi, *UFCEG, Brazil*

Mike Godfrey, *University of Waterloo, Canada*

Mark Grechanik, *University of Illinois at Chicago, USA*

Latifa Guerrouj, *École de Technologie Supérieure, Canada*

Sonia Haiduc, *Florida State University, USA*

Quinn Hanam, *The University of British Columbia, Canada*

Shinpei Hayashi, *Tokyo Institute of Technology, Japan*

Abram Hindle, *University of Alberta, Canada*

Andre Hora, *Universidade Federal de Minas Gerais, Brazil*

Marianne Huchard, *LIRMM, Université de Montpellier et CNRS, France*

Akinori Ihara, *Wakayama University, Japan*

Lingxiao Jiang, *Singapore Management University, Singapore*

Zhen Ming (Jack) Jiang, *York University, Canada*

Yasutaka Kamei, *Kyushu University, Japan*

Foutse Khomh, *DIGL, École Polytechnique de Montréal, Canada*

Pavneet Singh Kochhar, *Microsoft, Singapore*

Rainer Koschke, *University of Bremen, Germany*

Raula Gaikovina Kula, *Nara Institute of Science and Technology, Japan*

Philipp Leitner, *Chalmers | University of Gothenburg, Sweden*

Li Li, *Monash University, Australia*

Ming Li, *Nanjing University, China*

Zheng Li, *Beijing University of Chemical Technology, China*

Hui Liu, *Beijing Institute of Technology, China*

Yang Liu, *Nanyang Technological University, Singapore*

David Lo, *Singapore Management University, Singapore*

Lei Ma, *Kyushu University, Japan*

Xiaoxing Ma, *National Key Laboratory for Novel Software Technology, Nanjing University, China*

Cristina Marinescu, *Politehnica University Timisoara, Romania*

Shane McIntosh, *McGill University, Canada*

Tom Mens, *University of Mons, Belgium*

Mehdi Mirakhorli, *Rochester Institute of Technology, USA*

Kevin Moran, *College of William & Mary, USA*

Nachiappan Nagappan, *Microsoft, USA*

Tien Nguyen, *The University of Texas at Dallas, USA*

Ipek Ozkaya, *Carnegie Mellon Software Engineering Institute, USA*

Rahul Pandita, *Phase Change Software, USA*

Mike Papadakis, *University of Luxembourg, Luxembourg*

Xin Peng, *Fudan University, China*

Dietmar Pfahl, *University of Tartu, Estonia*

Gustavo Pinto, *UFPA, Brazil*

Martin Pinzger, *University of Klagenfurt, Austria*

Denys Poshyvanyk, *College of William and Mary, USA*

Sebastian Proksch, *Technical University of Delft, The Netherlands*

Jochen Quante, *Robert Bosch GmbH, Germany*

Akond Rahman, *Tennessee Tech University, USA*

Peter Rigby, *Concordia University, Canada*

Gregorio Robles, *Universidad Rey Juan Carlos, Spain*

Gema Rodriguez-Perez, *University of Waterloo, Canada*

Chanchal Roy, *University of Saskatchewan, Canada*

Hitesh Sajjani, *Microsoft, USA*

Giuseppe Scanniello, *University of Basilicata, Italy*

Sandro Schulze, *Otto-von-Guericke Universität Magdeburg, Germany*

Alexander Serebrenik, *Eindhoven University of Technology, The Netherlands*

Weiyi Shang, *Concordia University, Canada*

Bonita Sharif, *University of Nebraska - Lincoln, USA*

Stefan Stanciulescu, *ABB Power Grids Research, Switzerland*

Chengnian Sun, *University of Waterloo, Canada*

Mark Syer, *Facebook, USA*

Amjed Tahir, *Massey University, New Zealand*

Chakkrit (Kla) Tantithamthavorn, *Monash University, Australia*

Ewan Tempero, *The University of Auckland, New Zealand*

Nikolaos Tsantalis, *Concordia University, Canada*

Christopher Vendome, *Miami University, USA*

Santiago Vidal, *ISISTAN-UNICEN, Argentina*

Mian Wan, *University of Southern California, USA*

Xinyu Wang, *Computer College of Zhejiang University, China*

Jun Wei, *Institute of Software, Chinese Academy of Sciences, China*

Xin Xia, *Monash University, Australia*

Xiaoyuan Xie, *Wuhan University, China*

Amiram Yehudai, *Tel Aviv University, Israel*

Andy Zaidman, *Delft University of Technology, The Netherlands*

Lingming Zhang, *The University of Texas at Dallas, USA*

Tao Zhang, *Macau University of Science and Technology, Macau, China*

Théo Zimmermann, *Inria, Université de Paris, IRIF, CNRS, France*

Research Track - Additional Reviewers

Vincent Aranega, *Ecole Polytechnique Universitaire de Lille, France*

Joanna Cecilia Da Silva Santos, *Rochester Institute of Technology, USA*

Dario Di Nucci, *Jheronimus Academy of Data Science, The Netherlands*

J. Andres Diaz-Pace, *ISISTAN-UNICEN, Argentina*

Stéphane Ducasse, *INRIA Lille, France*

Fabio Palomba, *University of Salerno, Italy*

Fabiano Pecorelli, *University of Salerno, Italy*

Ilaria Pigazzini, *University of Milano - Bicocca, Italy*

Zhi-Yu Shen, *Nanjing University, China*

Antonela Tommasel, *ISISTAN-UNICEN, Argentina*

New Ideas and Emerging Results (NIER) Track

Xin Xia, *Monash University, Australia (Co-Chair)*

Nicole Novielli, *University of Bari, Italy (Co-Chair)*

Lingfeng Bao, *Zhejiang University, China*

Olga Baysal, *Carleton University, Canada*

Chunyang Chen, *Monash University, Australia*

Eleni Constantinou, *Eindhoven University of Technology, The Netherlands*

Neil Ernst, *University of Victoria, Canada*

Cuiyun Gao, *Nanyang Technological University, Singapore*

Jin L.C. Guo, *McGill University, Canada*

Sonia Haiduc, *Florida State University, USA*

Maria Kechagia, *University College London, UK*

Foutse Khomh, DGIGL, *École Polytechnique de Montréal, Canada*

Valentina Lenarduzzi, *LUT University, Finland*

Mario Linares-Vásquez, *Universidad de los Andes, Colombia*

David Lo, *Singapore Management University, Singapore*

Qi Luo, *Amazon, USA*

Kevin Moran, *College of William & Mary, USA*

Leonardo Murta, *Universidade Federal Fluminense (UFF), Brazil*

Rocco Oliveto, *University of Molise, Italy*

Fabio Palomba, *University of Salerno, Italy*

Chanchal K. Roy, *University of Saskatchewan, Canada*

Alexander Serebrenik, *Eindhoven University of Technology, The Netherlands*

Weiyi Shang, *Concordia University, Canada*

Bonita Sharif, *University of Nebraska - Lincoln, USA*

Christopher Vendome, *Miami University, USA*

Zhiyuan Wan, *The University of British Columbia, Canada*

Jianjun Zhao, *Kyushu University, Japan*

New Ideas and Emerging Results (NIER) Track - Additional Reviewers

Heleno Campos, *Universidade Federal Fluminense (UFF), Brazil*

Marianna Di Gregorio, *University of Salerno, Italy*

Hong Jin Kang, *Singapore Management University, Singapore*

Saidur Rahman, *École Polytechnique de Montréal, Canada*

Ferdian Thung, *Singapore Management University, Singapore*

Industry Track

Jian-Guang Lou, *Microsoft Research, China (Co-Chair)*

Andy Zaidman, *Delft University of Technology, The Netherlands (Co-Chair)*

Jochen Quante, *Robert Bosch, Germany*

Ipek Ozkaya, *Carnegie Mellon Software Engineering Institute, USA*

Magiel Bruntink, *Software Improvement Group, The Netherlands*

Hyrum Wright, *Google, USA*

Titus Barik, *Microsoft, USA*

Shaukat Ali, *Simula Research Lab, Norway*

Ştefan Stănciulescu, *ABB Corporate Research in Baden, Switzerland*

Jianmei Guo, *Alibaba Group, China*

Min Zhou, *Tsinghua University, China*

Gema Rodríguez-Pérez, *University of Waterloo, Canada*

Luis Cruz, *Delft University of Technology, The Netherlands*

Boyang Li, *LinkedIn, USA*

Yang Feng, *Nanjing University, China*

Industry Track - Additional Reviewers

Xander Schrijen, *Software Improvement Group, The Netherlands*

Lodewijk Bergmans, *Software Improvement Group, The Netherlands*

Late Breaking Ideas Track

Jifeng Xuan, *Wuhan University, China (Co-Chair)*

Maurício Aniche, *Delft University of Technology, The Netherlands (Co-Chair)*

Xiaochen Li, *University of Luxembourg, Luxembourg*

Juliana Alves Pereira, *Pontifícia Universidade Católica (PUC-RJ), Brazil*

Ellis E. Eghan, *École Polytechnique de Montréal, Canada*

Weiyi Shang, *Concordia University, Canada*

Enrique Larios Vargas, *Delft University of Technology, The Netherlands*

Ran Mo, *Central China Normal University, China*

Gustavo Ansaldi Oliva, *Queen's University, Canada*

Xiaoyuan Xie, *Wuhan University, China*

Lin Chen, *Nanjing University, China*

Tool Demonstrations Track

Mario Linares Vásquez, *Universidad de los Andes, Colombia (Co-Chair)*

Hailong Sun, *Beihang University, China (Co-Chair)*

Oscar Chaparro, *College of William and Mary, USA*

Chunrong Fang, *Software Institute of Nanjing University, China*

Antonino Sabetta, *SAP Labs, France*

Michele Tufano, *College of William and Mary, USA*

Catia Trubiani, *Gran Sasso Science Institute, Italy*

Nicolás Cardozo, *Universidad de los Andes, Colombia*

Carlos Bernal-Cárdenas, *College of William and Mary, USA*

Xin Peng, *Fudan University, China*

Guangtai Liang, *Huawei, China*

Jairo Aponte, *Universidad Nacional de Colombia, Colombia*

Marco D'Ambros, *University of Lugano, Switzerland*

Doctoral Symposium

Marco Gerosa, *Northern Arizona University, United States (Co-Chair)*

Bonita Sharif, *University of Nebraska - Lincoln, United States (Co-Chair)*

Felipe Ebert, *Eindhoven University of Technology, The Netherlands*

Michael Collard, *The University of Akron, USA*

Sandeep Kaur Kuttal, *University of Tulsa, USA*

Ding Li, *NEC Labs America, USA*

Oscar Chaparro, *College of William and Mary, USA*

Bin Lin, *Università della Svizzera italiana, Switzerland*

Christian Macho, *University of Klagenfurt, Austria*

Gregorio Robles, *Universidad Rey Juan Carlos, Spain*

Huzefa Kagdi, *Florida Gulf Coast University, USA*

Christopher Vendome, *Miami University, USA*

Jonathan Maletic, *Kent State University, USA*

Laura Moreno, *Colorado State University, USA*

Artifacts and ROSE Festival

Chakkrit Tantithamthavorn, *Monash University, Australia (Co-Chair)*

Jens Dietrich, *Victoria University of Wellington, New Zealand (Co-Chair)*

Maria Teresa Baldassarre, *The University of Bari, Italy*

Daniel Alencar da Costa, *The University of Otago, New Zealand*

George Fourtounis, *University of Athens, Greece*

Raula G. Kula, *Nara Institute of Science and Technology, Japan*

Kamil Jezek, *University of Sydney, Australia*

Xuan-Bach D. Le, *The University of Melbourne, Australia*

Sherlock Licorish, *University of Otago, New Zealand*

Tosin Daniel Oyetoyan, *Western Norway University of Applied Sciences, Norway*

Amjed Tahir, *Massey University, New Zealand*

Lili Wei, *The Hong Kong University of Science and Technology, Hong Kong*

DocGen2

Sebastian Baltes, *QAware GmbH & University of Adelaide, Germany & Australia*

Hideaki Hata, *Nara Institute of Science and Technology, Japan*

Andrian Marcus, *The University of Texas at Dallas, USA*

Christoph Treude, *The University of Adelaide, Australia*

Denys Poshyvanyk, *College of William and Mary, USA*

Hideto Ogawa, *Hitachi Ltd, Japan*

James Clause, *University of Delaware, USA*

Jin Guo, *McGill University, Canada*

Katsuhisa Maruyama, *Ritsumeikan University, Japan*

Laura Moreno, *Colorado State University, USA*

Michael Decker, *Bowling Green State University, USA*

Michele Lanza, *Università della Svizzera italiana, Switzerland*

Norihiro Yoshida, *Nagoya University, Japan*

Oscar Chaparro, *College of William and Mary, USA*

Shinpei Hayashi, *Tokyo Institute of Technology, Japan*

Sonia Haiduc, *Florida State University, USA*

Takashi Ishio, *Osaka University, Japan*

Vincent Ng, *The University of Texas at Dallas, USA*
