

## Video URLs for the Main Stage Sessions of IEEE SERVICES 2020

Video recording URLs for the “main stage” sessions of IEEE SERVICES 2020 are provided in this document. The video streams are now served by underline.io and could be accessed via registered Underline accounts with IEEE SERVICES 2020 entitlement. IEEE Computer Society is working with Underline Inc. on making the videos available on the Internet with no need for an Underline account.

The video URLs are listed on the “sessions” page (<https://underline.io/events/30/sessions>) as well as on the “schedule” page with track options “Main Stage content” and “Main Stage 2” on the underline.io website for IEEE SERVICES 2020. Below is a list of the URLs.

Oct. 18

- Beijing Opening Session  
<https://underline.io/events/30/sessions?eventSessionId=1786>
- Keynote Talk: Feifei Li  
<https://underline.io/events/30/sessions?eventSessionId=1787>

Oct. 20

- Congress Opening Session  
<https://underline.io/events/30/sessions?eventSessionId=1791>
- Keynote talk: On Odor Reproduction, and How to Test For It by David Harel  
<https://underline.io/events/30/sessions?eventSessionId=1792>
- Panel: Software Service Engineering and Its Ecosystem Evolution  
<https://underline.io/events/30/sessions?eventSessionId=1793>

Oct. 21

- Keynote talk: On the Future of Smart Transportation with AI by Ozan Tonguz  
<https://underline.io/events/30/sessions?eventSessionId=1795>
- Panel: Smart Data and Digital Health Services Beyond COVID-19  
<https://underline.io/events/30/sessions?eventSessionId=1796>
- Keynote talk: Digital Health and Beyond: What computing can do to transform health by Wendy Nilsen  
<https://underline.io/events/30/sessions?eventSessionId=1797>
- Panel: The Future of Home, Office, School in the Age of Pandemic  
<https://underline.io/events/30/sessions?eventSessionId=1798>

Oct. 22

- Keynote talk: IT Services after COVID-19 by Dong Xie  
<https://underline.io/events/30/sessions?eventSessionId=1799>
- Panel: Serviceology: Advancing Scientific Foundations for Modern Digital Services  
<https://underline.io/events/30/sessions?eventSessionId=1800>

Oct. 23

- Awards Ceremony  
<https://underline.io/events/30/sessions?eventSessionId=1801>
- Keynote talk: Smart Data Services for Sensemaking in a Human-Centered Dynamic Systems by Selcuk Candan  
<https://underline.io/events/30/sessions?eventSessionId=1802>
- Panel: Opportunities for Data Analytics/Machine Learning Service in the Era of Covid-19  
<https://underline.io/events/30/sessions?eventSessionId=1803>
